Dear Property Owner:

If you disagree with the assessed value of your property and wish to pursue a change in the assessment, there are two options available to you.

Option 1: You may request the Assessor to review your assessment. To do so, the attached form must be completed and returned to the Assessor's Office along with supporting documentation. Staff will review the data originally used to assess your property as well as the additional information you provide. A complete inspection of the property will be necessary. **By signing the form, you agree to allow staff to inspect the property, including the interior of any improvements, if necessary.** The Assessor may be unable to complete the review without an inspection. Staff will call for an appointment. If there is sufficient evidence to support revising the assessed value (increase or decrease) the Assessor's staff will initiate the change. If the evidence does not support a change in value, no revision will be made. Either way, you will be notified of the results.

Option 2: You may file an Application for Changed Assessment with the County Clerk. This is a formal procedure which may require a hearing before the Assessment Appeals Board. The property owner and the Assessor's staff must appear at the hearing and present evidence supporting their opinion of the taxable value. The board members decide the taxable value based upon the information presented. Once the board has made a decision, the issue may not be reheard.

You should consider several factors before you decide which option is best for you. On the reverse side of this page is a chart which compares the review process and the appeal process. It provides information regarding filing deadlines, how to initiate either option, the property owner's responsibilities and the length of time it will take to complete each process. Please read this information carefully and retain this page for your records.

It is imperative that you act before the stated deadlines. Prompt response will ensure your review or appeal rights for values currently enrolled. Refer to the reverse side for details on the filing period.
